Product Description

Product Description J.K. Adams: A 2nd-Generation, Family-Owned Company Kitchen storage solutions by J.K. Adams make it easy to save on valuable kitchen space while enjoying the best of USA-made craftsmanship. The family-owned company provides everything from pot hooks and spice bottles to wooden spice carousels, kitchen-knife blocks, bread boxes, wine racks, pot racks, and more. J.K. Adams' wooden kitchen items feature renewable and sustainable wood in Maple, Cherry, Walnut, Alder, Ash, or Hickory varieties, and many of the items are FSC certified. A thoughtful choice for gift giving, the high-quality kitchen items provide sleek designs and convenient functionality for year after year of everyday convenience. Innovative Kitchen-Storage Solutions In the late-1970's, when the gourmet-chef-tools market in the U.S. was still in its infancy, J.K. Adams owner Malcolm Cooper, Sr. conceived of the first slanted knife block. His goal was to create a cutlery organizer that would hold knives at a low enough angle that they could be easily removed from the block when it was pushed back under a cabinet overhang. The J.K. Adams Kangaroo knife block was launched in 1980--the first-ever slanted knife block, and still the best. Recognizing the many opportunities to improve kitchen storage, J.K. Adams introduced the revolving "carousel" spice rack in 1982 followed by countless other well-designed storage products in the years since, including the popular in-drawer knife tray in 1994, a space-saving alternative to the knife block that

offers the same safety and blade protection. In 2011, J.K. Adams takes cutlery storage to a new level once again with the new Universal knife block. For over 30 years, J.K. Adams has continued to lead and inspire the kitchen storage market with their innovative designs, superior hardwoods, and exemplary craftsmanship.

### Customer Reviews

*J.K. Adams WSR-1021 Stemware & Wine Bottle Rack* rated 5.0/5.0 based on 3 ratings 3 reviews

2007-08-08T20:01:26+00:00 **E. Malone "geek consumer extrao"** rated 5.0/5.0:

The only thing wrong with this is mounting it, which resulted in a missed stud. However, you can see why it is necessary. There's no way I want 5 bottles of wine and all my stemware crashing to the ground.

This wine/stemware rack looks good on the wall, and living in an apartment doesn't afford a huge amount of counter space. Therefore, this rack was a great choice. The wood isn't cheap feeling, and the overall construction is solid.

One small problem is that some of the bases o

2008-01-01T17:32:53+00:00 **Heath Bailey** rated 5.0/5.0:

Very nice looking wine rack. Compact with ample glass storage that's secure. It holds 5 bottles of wine and is very contemporary. Very good value.

2010-03-18T12:30:10+00:00 **Christopher Forbes** rated 5.0/5.0:

Perfect wine rack for my apartment, holds everything I need. It doesn't take up any extra floor space like many of the cabinets and racks out there. I would recommend this product to anyone.
