Product Features

- 3 Adjustable Glass Shelves
- Freezer Compartment
- Crisper
- ADA Compliant

Product Description

SUMMIT's AL652B series of ADA compliant refrigerator-freezers offer ideal storage conditions in a perfectly sized unit. The AL652B uses SUMMIT's own dual evaporator system to separately cool the freezer and fresh food sections. Cycle defrost helps to reduce user maintenance on the refrigerator while maintaining a zero degree freezer that keeps frozen food frozen. Additional features include a reversible door (black model only), interior light, fruit and vegetable crisper, and door storage, all in a slim 24 width that fits well in limited space. At 32 high, this model is designed for lower ADA counter height.
